

Kansas Protection Order Portal Upgrades

The upgraded Kansas Protection Order Portal is live statewide. The upgraded portal includes these changes:

- Petitions are delivered to eFlex courts via eFiling rather than email. Instruction sheets for processing cases via eFlex for [CCMS](#) and [FullCourt](#) courts are on the judicial branch intranet.
- The [portal can be viewed in Spanish](#). Petitioners can select this option using a drop-down menu below the “Safely Exit” button.
- Petitioners can notify the court if they need an interpreter at the protection order hearing. If one is requested, the court will receive a form with that information.
- Key form fields have been modified to make petitions easier to read.
- Resources are available in English, Spanish, and Vietnamese, to help petitioners understand the process:
 - [Protection order flowchart](#) that provides an overview of the steps in the process;
 - [How to use KPOP](#) video; and
 - [What Happens at your Protection Hearing](#) video.
