Mission and Professional Calling: Why We Need You

Kansas Legal Services Pro Bono (KPB) is a resource created and maintained by **Kansas Legal Services (KLS)**. KLS is a statewide non-profit corporation dedicated to helping low-income Kansans meet their basic needs through the provision of essential legal and mediation services.

The fundamental goal of KPB is to **increase access to justice for Kansans** by matching legal professionals with individuals who cannot afford legal services.

We strive to achieve this goal through the creation and promotion of pro bono opportunities in a way that is ****convenient and easy-to-navigate**** for the busy law professional.

Lawyers who regard themselves as ****professionals and not as mere journeymen**** have done something beyond the practice that provides their income. The true professional works not simply for his or her own good, but to make their community, nation, and world ****"a little better" because she or he lived****.

What Volunteers Gain: Making a Difference

Your skills, experience, and training are invaluable to us. We offer you ****new and exciting ways to put those talents to good use**** by helping your fellow Kansans access legal services.

By participating in pro bono work, volunteers can experience opportunities such as ****making connections, giving back to the community, and getting practical experience****.

****There are many kinds of opportunities available in Kansas in which you can use your unique skills.**** Whether it's a specific case in need of a pro bono attorney, an outreach clinic looking for more help, or some other project in Kansas that could use your expertise, Kansas Pro Bono can help you find a volunteer option that suits you.
